DETAILED ACTION

Reasons for Allowance

1. The following is an examiner's statement of reason for allowance:

Claims 2-3, 5-6, and 8-9 are considered allowable since the prior made of record and considered pertinent to the applicant's disclosure does not teach or suggest the claimed limitations. Venkatesh (U.S. 6,641,316) or Rajan (U.S. 2005/0203950) or Marek (U.S. 2004/0267766) or Crisan (U.S. 2003/0191769), taken individually or in combination, do not teach the claimed invention having a computer-implemented method for use in delivering data of a user-defined type to a requesting system, the method comprising receiving a request from the requesting system for data of the user-defined type; identifying a storage location for the requested data; identifying a storage location for program code designed to allow manipulation of the requested data on the requesting system; retrieving both the requested data and the program code from their respective storage locations; delivering both the requested data and the program code to the requesting system; receiving a subsequent request from the requesting system for data of the user-defined type; and in response, delivering the data requested in the subsequent request to the requesting system without delivering the program code.

Therefore, claims 2-3, 5-6, and 8-9 *are* presently allowed.

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
